

CARSTAR Red Deer is pleased to announce that we are continuing our tradition of helping those less fortunate in Central Alberta again in 2020. This year has been challenging on many fronts and we wanted to remain committed to this program.

Once again this year, in lieu of bringing Christmas treats to our business partners, we are doing something to make a difference in our community. This year CARSTAR Red Deer and CARSTAR Red Deer South have joined forces to make a donation to both the Red Deer Christmas Bureau and the Red Deer Food Bank. On November 30th, 2020 we made a donation of fifteen hundred dollars (\$1500) to the Red Deer Christmas Bureau and one thousand dollars (\$1000) to the Red Deer Food Bank. We feel this contribution has a longer lasting impression and can create a positive impact on numerous less fortunate families in Central Alberta.

This marks the seventeenth consecutive year we have done this type of donation in lieu of Christmas treats and also marks the milestone of over \$30,000 donated since we started this program. We truly feel that it is important to give back to the community we conduct business in.

Without the support of our business partners, this type of donation would not be possible so we thank you for your continued support.

To all of our valued business partners,

Thanks for everything this year and
we look forward to a great 2021!

From Everyone at:
CARSTAR Red Deer &
CARSTAR Red Deer South
