

# **Eco Tree Generations 8 days for 8k firewood campaign.**

**Launch date:** Wednesday, June 16th.

**Launch details:** We are selling 1/3 cord bags of spruce/ pine and poplar firewood for \$100 per bag, picked up. Delivery can be arranged with Shawn at Eco Tree at 403-350-9871, for an additional cost of \$50 within Red Deer and \$75 just outside of Red Deer within 50 Km.

**Raising money:** We have 8 days to sell 40 bags of firewood and raise \$8000 for the Sunrise House and the Youth HQ. For every bag sold, Eco Tree Generations is going to donate \$10 per bag, which by the end of the campaign will equate to \$400 if we sell out. Eco Tree will be the first corporate sponsor to match that \$400. We are looking for 8 other companies to match our \$400, which would raise \$2000 each for the two organizations. If this happens, we will deposit our money into our ATB generations accounts and will be looking to find a title sponsor to match our \$4000 raised, for a grand total of \$8000 divided evenly between the Sunrise House and the Youth HQ.

**Dead line:** Our last day of the campaign would be on Wednesday, June 23rd. We have 8 days to reach this goal, leaving us from June 16th to June 23rd to sell out.
